## PATTERSON THROWS INFUENCE TO RYE.

That Governor Tom C. Rye is to have advantage in the Senatorial contest of the powerful influence and support of ex-Governor Malcolm R. Patterson, is an established fact. Thursday evening Mr. Patterson, who was interviewed at the Maxwell House by a representative of the Tennessean, stated that he was unqualifiedly for Governor Rye for United States Senator.

Governor Patterson delivered a patriotic address to an immense throng of people at Lewisburg, Marshall County, in the afternoon of July 4. His speech was received in the responsive and enthusiastic spirit characteristic of the reception universally accorded him, as one of Tennessee's favorite statesmen and orators.—Tennessean-adv.

## TRAINED VS UNTRAINED.

Who of us in these strenuous times would swap a trained soldier for an untrained one, and one untried, untested, as against one who has been "over the top" and has stood the fiery test?

That is about what Tennessee is being daily asked to do in the Senatorial race. Why replace Shields, who has been tried and found "Not Wanting" for Rye, the unknown quantity?

That such a change should be suggested at a time when the United States is bending every energy toward making available every ounce of man-power in the Republic, smacks of the little politics, which it surely is.

Voters of Jackson County, when you go to the polls on election day face the situation squarely, and vote not for the political preferment, or personal ambition of any man, but, vote for the common weal, and for the perpetuity of the Republic in its hour of need.—adv.

## Jackson County One of the 63 in Tennessee to Subscribe Government Quota for War Saving Stamps June 28.

The State Director of War Savings has just sent out notice that a new drive will be carried into every one of these counties at once with all the centralized force of the national organization. There will be no escape for the person who is able but unwilling to sacrifice for the sake of the 50,000 soldiers who are fighting their battles for them.

Jackson Countians have again demonstrated the fact that they are ready to do their share. When their country calls they obey—some by stepping out on the battle line and offering their lives, others by giving of their means. Which is the greater sacrifice?

## Louisville Machinist Regains Strength by Taking Vin Hepatica.

Was Very Weak and Nervous—Couldn't Sleep  
Well—Now All Right.

Mr. J. R. Traylor, machinist of 4th and K Sts., Louisville, Ky., stepped into the Taylor Isaacs Store, Third and Jefferson Streets, and said:

"I want six more bottles of Vin Hepatica. I have used two bottles for my nervousness, weakness, back ache, loss of sleep, and loss of appetite, and have had such good results that I want six bottles of it to make me sure that I will have it on hand. I feel 100 per cent better than I did, have regained my appetite, and able to sleep, and am feeling stronger and better in every way."

Like hundreds of others, he saw in the papers what it had been doing for the sick and suffering everywhere, and he came in and investigated it, saw it was a real nature remedy. And he tried it just like you ought to try it if you are feeling all run-down, nervous, or have any pains in your back, are bothered with indigestion or other stomach liver, or kidney trouble. It is a mighty fine spring tonic too. It puts pep in your step, makes you feel like a new person. Come in and get a bottle and try it on our recommendation.—L. B. Anderson, Gainesboro, Tenn.
